STUDENT TICKETS AND LEAVING EARLY

STUDENTS WHO HAVE A TICKET: We allow those students who are only in one Act to enjoy the other half of the show from the audience. This will all be done through internal access and must be arranged via email!!!!

This is so we can ensure these students are given a wristband and know where to go on the day. Please DO NOT leave this until the day before or day of concert. We do not respond to emails on the day of concert and will have minimal time to check emails the day before concert.

LEAVING EARLY: Please email us, so we can arrange staff and give clear instructions on where to collect. With over 300 performers, our staff works super hard to be organised and create a stress-free experience for our students. Knowing what suits parents and their children ahead of time, helps us tremendously.
